SUBJECT: FINAL CASH FLOW REPORT—FISCAL YEAR 2012-2013

Attached is the final cash flow schedule for Fiscal Year (FY) 2012-2013. The combined cash balances for the General Fund and the Hospital Funds were positive \$897 million, which was \$235 million higher than our previous estimate of \$662 million. Major variances included higher than anticipated collections from the following revenue sources and/or programs:

Mental Health Programs	\$48 million
Property Taxes	\$44 million
Public Safety Realignment	\$31 million
Public Assistance Programs	\$23 million

During FY 2012-2013, the County's combined cash balances increased by \$76 million. This represents the second consecutive year-over-year increase in the County's cash position, after four straight fiscal years in which the County's cash position declined.

The County's cash reserves, short-term note proceeds of \$1.0 billion, and internal borrowing resources are projected to far exceed the cash obligations for FY 2013-2014. As directed by your Board on June 25, 2013, we will be monitoring and reporting on the cash flow impacts of the Federal Affordable Care Act and related provisions in the State's budget which will reduce the County's share of 1991 Health Realignment funding. Unless significant cash flow issues arise, we will resume our monthly cash flow report to your Board in October 2013.
